GDDF PROGRAM DESCRIPTIONS (Notice Classification Restrictions)

Earning Your HIGH SCHOOL DIPLOMA/HiSET or Adult Basic Education – Min/Med/Max Security

This academic focused program will help improve your reading and basic math skills to better prepare you for employment opportunities and to earn all the credits needed to successfully get your HIGH SCHOOL DIPLOMA. You will receive support and instruction needed to increase your academic skills to improve your ability to pass the HiSET/GED exam and move toward earning an actual high school diploma.

Parenting Inside Out - Min/Med Security

This program will provide you with an evidence-based, cognitive-behavioral parent management skills training program specifically created for incarcerated parents. It will provide you with an opportunity to learn about how to promote healthy child adjustment, prevent child problem behavior, and interrupt the cycle of intergenerational criminality.

Anger Management: Peaceful Creation's Quest: - Min/Med Security

Provides you with an opportunity to explore the roots of anger and family violence and how to move towards making desired life choices. Topics include how to take responsibility for your choices, strategies for reducing family violence, anger control, communication skills, relationships, and how to actively parent while incarcerated. You will receive the supported needed to explore ways in which you can reduce anger, stress and resolve conflict.

Substance Abuse: Thinking for a Change: - Min/Med Security

Provides you with an opportunity to learn about the dynamics of addiction and to explore the process at a personal level. Through guided journaling, discussion, individual/group work and role play, you will develop a deeper understanding of addiction's impact on you, your family and community. You will explore strategies for relapse prevention through personal development.
