Policy Reviews: Nutritional Health Findings

For both the Glenn Dyer and Santa Rita facilities, all of the applicable articles and sections required for a Nutritional Health Evaluation of a Type II Facility were generally in compliance with the following exceptions.

Policy Reviews: Nutritional Health Findings

Santa Rita

1242 Menus

- The registered dietitian had not been reviewed and signed off on the menus.

1243 Food Service Plan

- The Emergency Feeding Plan could not be located at the time of the inspection..

1248 Medical Diets

- 76% of the sample of audited charts with special diets received their therapeutic meal.

Glenn Dyer

1248 Medical Diets

- The medical diet manual did not include sample menus and menu patterns for each diet.
- The diet manual was reviewed by the registered dietitian, but not signed off by the responsible staff.

Policy Reviews: Nutritional Health Recommendations

Santa Rita

- Ensure the current menus are reviewed and updated annually by the registered dietitian.
- Ensure the Emergency Feeding Plan is available for inspection.
- Ensure inmates receive special diet as prescribed.
- Increase the number of healthful beverages in all vending machines in accordance with the County Nutrition and Physical Activity Guidelines

Glenn Dyer

- Review and update the Diet Manual in Food Services.
- Increase percent of healthful snacks available in vending machines to 50 percent in line with the County's Board-approved Nutrition and Physical Activity Policy and Guidelines.

Policy Reviews: Nutritional Health Suggestions

Santa Rita

- Improve the appearance, texture and taste of food.
- Place any known food allergies on the Allergy label on the front of the medical charts.
- Insure inmates with chronic diseases are referred to the Chronic Care Clinic.
- Employ a registered dietitian to support the medical staff on medical diets.

Glenn Dyer

- Improve the appearance, texture and taste of food.

Policy Reviews: Medical/Mental Health Findings

For both the Glenn Dyer and Santa Rita facilities, all of the applicable articles and sections required for a Medical/Mental Health Evaluation of a Type II Facility were in compliance.

Facility Walkthroughs Findings: Medical/Mental Health

- Physical inspection of “sick call” rooms and medical care areas demonstrate general compliance with medical/mental policies and procedures.

Interview Findings: Medical/Mental Health

- Inmates were generally satisfied with and noted improvement in the level of medical care received.
- All were aware of their medical conditions, potential health complications, the importance of their medications and their dietary needs.

Thank you. Questions?
