Subject: [EXTERNAL] Request for Conferral in Law v. BOP
Date: Friday, November 14, 2025 9:28:26 AM

Dear Michael,

I hope this message finds you well. We recognize that the government shutdown has caused significant disruption and appreciate the challenges that your office and the Bureau of Prisons have faced during that period. Now that normal operations have resumed, I would like to request a conferral on the following matters.

- (1) BOP's position on the missing September and October productions.
- (2) BOP's position on its plan for completing those productions, and satisfying Judge Tse's order going forward.
- (3) BOP's position regarding a potential Motion for an Order to Show Cause why the BOP should not be held in contempt of Judge Tse's Order requiring completion of the September production before the shutdown.

As always, our preference is to resolve the matters cooperatively and avoid motions practice.

Thank you for your time and attention. I recognize things must be very busy.

Sincerely,

Caitlin Kelly Henry, Esq.
